

NEW! MPM 05000SPC

Motor Oil 0W-30 Premium Synthetic SPC

MPM is the first in the aftermarket to introduce a brand-new SAE 0W-30 motor oil, specially developed for 2.2 litre diesel engines in Stellantis light commercial vehicles that require a high-performance lubricant.

The 05000SPC offers excellent protection and contributes to lower fuel consumption. The oil meets the strict Stellantis FPW9.55535-DH1 specification.

It is suitable for, among others, Fiat, Peugeot, Citroën and Opel BlueHDi and AdBlue 2.2 litre engines from 2023 onwards, for which this SAE 0W-30 with this specification is prescribed. The use of this motor oil is expected to expand further in the future.

Specifications:

- ★ Stellantis FPW9.55535/DH1
